

## Why Choose to Rent-To-Own an Instrument?

- **First Two Months Free:** You Pay ZERO Rental Fees for the First Two Months, which means your student can begin to benefit from the Artistic and Educational Benefits of learning an instrument, Risk-Free! Even the LDW and Sales Tax are paid for!
- **Month to Month Contract:** No Commitment, No Year Long Leasing Agreement. Is your student no longer interested in band/orchestra? You can return the rental at any time, even during the First Two Months Free!
- **No Out of Pocket Repair Expenses (Huge Cost Saver):** Most repairs can range anywhere from one hundred to several hundred dollars, and schools can be a high-risk place for an instrument. Our LDW (Repair) Program is included with the monthly rental price, meaning that we cover all out-of-pocket repair expenses for your rental. Our LDW Program also covers accidental physical damage (drops, etc.), which very few music stores cover.

We even offer a Loaner Instrument for your student to use for class, while the Rental is at our Repair Shop.

- **No Credit Check:** Is credit an issue? We accept close to 99% of our applicants, with no credit check for the majority of our rentals. We Want Your Business!
- **Student-Minded Exchange Options:** It is common practice for a beginning musician to experience trial and error with choosing the right instrument for them. We allow Exchanges Anytime during the Rental Period, and if you exchange to a different student-level instrument within **14 Months** from the beginning of your rental, you still keep all of your Equity!
